Dear Jo Ann;

I would like to thank you and New Hope Hospice. It is with great appreciation to know that you and New Hope Hospice have taken the time and expense to honor my wife.

I have made it known to many of my friends and associates, how much my family and I appreciate the very excellent care and comfort given my wife of 56 years. Going down the road of the darkest days of our lives. Starting with the first visits to my home, when I needed help physically, mentally and morally.

To know my wife is in the hands of New Hope Hospice until she meets her Maker is of great comfort to me, and my family. The staff I deal with on a regular basis have given 200% with great concern for her care and comfort.

Thank you to Lisa – RN; Ginger – CNA; Kathy – Chaplain; and Carmen – CS.

A donation is forth coming.

Sincerely,

Donald E. Chapin
