

# Thanks

The family of John Craft expresses their heartfelt thanks to everyone who supported us during his illness and death. Everyone at Kingman hospital and KRMC Hospice were wonderful. Everybody at Cerbat Lanes were so caring. Thanks to all the bowlers we bowled with through the years. God bless you.

Do you know KRMC Hospice? I didn't until Dr. Govan diagnosed my mother with failure to thrive. Thank you Dr. Govan; he sent me to KRMC Hospice. From the minute I walked in the door, I was welcomed with open arms by Dee; she was so caring and comforting I couldn't believe it. This was my first experience with the people at hospice, and it was just the beginning of a great relationship for me and for my mother.

My mother passed away June 5, but hospice had made my mother's last days as comfortable as they could. They don't

only take care of the person in hospice, they take care of the caregiver. "Thank you" just doesn't seem to be enough, but it's all I've got except for writing this letter to let other people know that there are some warm, loving and giving people out there and they deserve a lot of credit for what they do everyday unselfishly. There's Denise, Chaplin Leonard, Lynn, Vickie, Darlene, Barbara and Dixie. I truly hope I didn't forget anyone by name; if I did, I'm sorry.

Support hospice in any way you can.

My mother was a recent patient at New Hope Hospice; Dr. Belah Sharaf was her physician. She was very happy with the care she received from Dr. Sharaf when he treated her at Kingman Regional Medical Center. She was transferred to the New Hope Hospice Center when her condition progressed, and she passed away on June 26. She was 90.

When I walked into New Hope, the first thing I noticed was the smell of cleanliness. Everything I saw was clean and the patients looked well cared for. The staff was so nice and they were very helpful. I'm sure the community will appreciate the new facility as much as my family and I do.
